Dear Interested/Affected Parties:

RE: ORDER R9-2005-0266, TERMINATION OF CONDITIONAL WAIVER FOR THE MANAGEMENT OF SOLID WASTES FROM WILDFIRES IN THE SAN DIEGO REGION: RESOLUTION R9-2003-391.

This Order is to inform you that California Regional Water Quality Control Board (Regional Board) Resolution No. R9-2003-0391 automatically expired on September 30, 2005. That Resolution contained a temporary conditional waiver of the legal requirements to submit a report of waste discharge (pursuant to Water Code section 13260) and obtain waste discharge requirements (pursuant to Water Code section 13263) for management of solid wastes from the 2003 Wildfires in the San Diego Region.

You are hereby notified that your coverage under the Resolution No. R9-2003-0391 was automatically terminated for management and/or processing of solid wastes as of **September 30, 2005**. After that date, your facility is no longer authorized to manage solid wastes under the provisions of Resolution No. R9-2003-0391. Further, you must properly dispose of any and all remaining solid wastes in accordance with applicable Federal, State and local requirements.

If you wish to continue processing and managing solid wastes beyond September 30, 2005, then you must provide the Regional Board with a Report of Waste Discharge (and a completed version of the enclosed Form 200) and apply for waste discharge requirements (pursuant to Water Code Section 13260 *et seq.*).

You can obtain an electronic version of Form 200 under the “**ROWD**” hot button on our web site at:
